

A BETTER APPROACH TO YOUR HEALTHCARE

No matter your health needs, your primary care provider is here to help you maintain a healthy lifestyle. Evidence shows that access to primary care helps people live longer, healthier lives*—and patients with access to regular primary care providers have lower overall healthcare costs.**

What is a patient-centered medical home (PCMH)?

It's an innovative approach to primary care that meets patients where they are—in the right place, at the right time, and with the right care.

Accessible

Shorter wait times, "after-hours" care, 24/7 telehealth access, and stronger communication

Committed to quality and safety

Evidence-based medicine and clinical support

Comprehensive

A team of care providers—from physicians to nurses to nutritionists to social workers—for prevention, wellness, acute care, and chronic care

Coordinated

Open communication across all parts of the broader healthcare system, especially during transitions between sites of care

Patient-centered

Provides the education and resources you need to make smart decisions and become an active participant in your own care

Personalized

Addresses your personal health concerns and needs

Supportive and encouraging

Advice via phone, email, text, etc. from your health team to help you meet your goals and support you with health issues and concerns

Efficient

Saves you time
